Mount Cinnamon offers just twenty two, sea-facing one bedroom Hacienda Suites, one, two and three bedroom villas, ideal for the perfect Caribbean holiday. Set in exotic tropical flowering gardens lie the popular restaurant, Savvy's with outstanding coastal views, the pool-side cocktail bar, the beach club and spa, all of which provide exceptional and friendly service on this magical West Indian Island.

Each individual accommodation is luxuriously spacious with exceptional sea views. The suites and villas all have airy sitting rooms with kitchen and breakfast bars, stunning outdoor living-spaces surrounded by colourful, tropical gardens and with breathtaking views of the Caribbean Sea. The master bedrooms all have large balconies, separate dressing areas and uniquely styled, adobe-walled shower rooms. Savvy's Restaurant & Bar has stunning views of the Caribbean Sea and the dramatic mountainous shoreline as well as a delightful poolside setting. Dishes are served in a stylish and contemporary setting and menus focus on local ingredients, many hand-picked from our plantation to ensure quality and freshness combining contemporary creole dishes with flavours of the Mediterranean. Children's menus offer a choice of well-chosen, nutritious delights for younger visitors.

The Beach Cabana Club is on two miles of Grand Anse Beach. Open from dawn to dusk, the Cabana provides a choice of beach and watersports as well as a full croquet lawn. A thatched beachside spa cabana offers relaxing oceanside spa treatments and massage. The Yoga Studio and deck provides guests with a choice of yoga classes both indoors and out. Light dining, BBQ and refreshments are served throughout the day in the Cabana.

Enjoy a wide range of exciting activities. The Mount Cinnamon Spa offers an extensive programme of relaxation and beauty treatments as well as yoga in the specialist yoga centre and a state of the art gymnasium. Water sports, diving, sailing, bill-fishing, spa treatments, tennis, boat excursions, guided island hiking tours, river-tubing, hot sulphur springs, plantation tours, children's programmes and more.

Romance is never far away at Mount Cinnamon. Lush tropical gardens, the tinkle of a steel drum and the turquoise crystal waters of the Caribbean make a colourful and exotic backdrop for a barefoot beach Wedding. Accommodating parties from an intimate escape for two or exclusively for up to 60 guests, our Wedding Planner will help organise every aspect or your Wedding holiday.

Cooled by the trade winds, Grenada's location in the southern Caribbean ensures your holiday is enjoyable throughout the year with temperatures in the late 20's. Although small in size, the island is big in heart, and always offers a friendly welcome. With verdant, stunning mountainous topography, soaring waterfalls and colourful tropical rainforests, the island offers exciting tours of the spectacular and truly unspoilt interiors, much of which is a national park. The island of Grenada offers old world West Indian charm rarely found today and of course the beautiful, powder soft, white sand beaches and turquoise Caribbean waters that you may expect to find.
